About us

We are a separately registered branch of the RSPCA and are primarily responsible for raising funds locally, which relies on the support of the public. It was established over 130 years ago and at the start of 2023 moved from its former premises in Rochdale, where it had been for over 80 years, into brand new premises at Hollingworth Lake.

Hollingworth Lake Animal Centre is a bright, modern, friendly building professionally managed by people passionate about animals and their welfare.

The newly equipped centre is a safe and happy refuge for many animals who would otherwise be subjected to cruelty or be living a miserable life on the streets. They stay at the animal centre long enough to regain their health, strength and confidence before they are found new loving homes.

As well as helping domestic animals, the centre cares for wildlife casualties until they are ready to be released or moved on to a specialist wildlife centre.

How our Friends have helped George!

George arrived on Christmas Eve in 2022 after being hit by a car, leading to a fractured jaw and losing half his tongue. He couldn't wash himself and had to be syringe fed every hour.

He needed a wire in his jaw to stabilise his fractures, had extensive dental work and surgery on his tongue. The staff provided round the clock care to aid his recovery.

After 3 months, George was ready to find a new loving home and was soon adopted by a new family where he now gets all the love and attention he deserves. He is just one of the many thousands of animals we have helped over the years.

We couldn't have achieved this without our supporters. Please help us to help more animals like George.
